## **Part II: Application Submittal Requirements**

Along with this application, places submit one digital copy in an easily reproducible format (e.g., PDE) of all u

mat	teria	Is that are required to make a complete application. The Town Clerk may also require hard copies after you a digital copy. Each complete application must include the following materials or waiver request:
	Nor	n-refundable certified survey map application fee of \$250, plus \$20 for each lot.
	Cor	nplete Certified Survey Map, prepared by a professional land surveyor, and including:
		All required contents under Chapter 236 of Wisconsin Statutes.
		All the certificates required by Section 236.21, Wis. Stats.; and certification that the CSM fully complies with all of the provisions of the Town's subdivision and land division regulations.
		Location of existing property lines, buildings, drives, paths, streams and watercourses, dry runs, lakes, ponds, wetlands, floodplains (by type), shoreland zoning areas and setbacks, rock outcrops, environmental corridors per the Comprehensive Plan, and other similar significant features.
		Location, dimensions, and proposed ownership of any sites to be reserved or dedicated for parks, playgrounds, drainageways, environmental corridors, or other public and/or permanent open space uses.
		Any unique building setback lines, buildable areas, "build-to" lines, or similar areas, not including those required by zoning.
		Vision clearance triangles per the Town's ordinances.
		Proposed locations, restrictions, and landscape plans associated with highway access control, noise mitigation, and landscape buffer strips.
		The outer edges of all "woodlands" and parts of woodlands proposed to be preserved within the CSM area, and the locations and specimens of all other "mature trees" not located within a woodland that are proposed to be preserved.
		If the CSM contains private road(s), the following note: "Notice of Possible Limitation of Public Services: This CSM contains private roads. As a result, certain public services including but not limited to road maintenance and snow plowing may be limited."
		npleted Site Assessment Checklist (form attached to this application), except where the CSM is for is 5 acres ewer, 2 or fewer new lots, and/or for no land development in the foreseeable future.
		liminary engineering plans meeting the requirements of the subdivision ordinance, if the CSM requires new extended Town infrastructure or stormwater management.
		tective covenants and/or legal instruments and rules for any proposed property owners' association, if licable.
	If th	ne CSM area includes a "woodland" or "mature trees," a woodland preservation plan.
		er information related to compliance with Town ordinances may be required, including a concept plan if If would have significant impact on public improvements or Comprehensive Plan.

### Part III. Reimbursement for Development Review Services

The Town Clerk, Town Engineer, Town Attorney, and other Town groups and consultants may expend time in the administration, investigation, and processing of development review applications. In addition, the Town may retain the services of other professional consultants—including but not limited to landscape architects, architects, environmental specialists, and recreation specialists—in the investigation and processing of such applications. The signing and submittal of this application or petition for development review shall be construed as an agreement to pay for professional consulting services associated with the administration, investigation, and processing of this application or petition.

The Town Chair shall retain sole discretion in determining when and to what extent it is necessary to involve one or more professional consultants in the review of each application or petition. The Applicant shall be responsible for the costs for such professional consulting services. The Applicant shall pay such costs upon receipt of one or more invoices from the Town, following the execution of the development review services associated with the application. In the event the Applicant fails to pay such costs, the responsibility shall pass to the property owner, if different, under the same terms. Development review fees that are assigned to the Applicant or property owner, but that are not actually paid, may then be imposed by the Town as a special charge on the affected property.

### Part IV. Signatures

By signing and dating below, I/We:

- 1. Reviewed and understand the Town of West Point subdivision and development regulations and its standards of approval related to this application;
- 2. Read, understand, and accept my/our responsibilities under the reimbursement section above;
- 3. Submitted an application that is true, correct, and complete to the best of my/our knowledge;
- 4. Acknowledge that Town officials and/or employees may, in the performance of their functions, enter upon the subject property to inspect or gather information necessary to process this application;
- 5. Understand that all meeting dates are tentative and may be postponed by the Town for the reason of incomplete submittals or other administrative reasons;
- 6. If this application is approved, agree to abide by this application, approved plans, and required conditions associated with plan approval in the development of the subject property; and
- 7. Understand that the Town's subdivision and development regulations and/or the conditions of development approval may specify timeframes within which I/we must take certain actions related to the development of the subject property, or risk having the approval being nullified.

Signature of Applicant	Date
Signature of Property Owner (if different)	Date

## Land Division/Subdivision Site Assessment Checklist

The Site Assessment Checklist, attached information, and Town assessment of these materials, will be considered in the determination of land suitability for division and compliance with other Town ordinance standards. Please answer the following questions about the proposed site and division, using the listed "potential source" or another reliable source. Explain all "yes" answers by attaching documentation on the type, location, and extent of the identified feature; and on the expected impact of the proposed development. Adjustments to the proposed division to minimize the impact of "yes" answers may be required.

I. LAND RESOURCES. Does the land area include:	Yes	No
A. A 100-year floodplain, or other flood prone area?		
Potential Sources: <u>FEMA Flood Map Service Center</u> or		
Sauk GIS Map – Under "Hydro" layer, select "FEMA Floodplain"		
B. An area of with high potential for gravel or other mineral deposits?		
Potential Source:		
C. Slopes of 12% or greater?		
Potential Source:		
D. An area of existing or former wetlands, or wetland indicators?		
Potential Source: <u>DNR Surface Water Data Viewer.</u> In Map Layers, select "Wetlands		
& Soils" and choose the "Wisconsin Wetland Inventory"		
E. An area with water table within 200 cm (about 6 feet) of the soil surface?		
Potential Source: <u>USDA Soil Survey</u> . Use Soil Data Explorer, select tab for Soil Uses		
and Properties. Under "Water Features", select "Depth to Water Table."		
F. An area of bedrock within 150 cm (about 5 feet) of the soil surface?		
Potential Source: <u>USDA Soil Survey</u> . Use Soil Data Explorer, select tab for Soil Uses		
and Properties. Under "Soil Qualities and Features", select "Depth to a Selected Soil		
Restrictive Layer."		
G. Soils having very limited site potential for dwellings with basements?		
Potential Source: <u>USDA Soil Survey</u> . Use Soil Data Explorer, select tab for		
Suitabilities and Limitations for Use. Under "Building Site Development", select		
"Buildings with Basements"		
H. Designated environmental or open space corridors?		
Potential Source:		
I. A natural drainageway or dry run with a tributary area of 5+ acres?		
Potential Sources: West Side Stormwater Management Plan, site survey.		
J. Group I agricultural soils?		
Potential Source:		
II. WATER RESOURCES. Does the land area/development involve:	Yes	No
A. A navigable lake, pond, river, stream, or other waterway?		
Potential Source: Wisconsin DNR Surface Water Data Viewer. In Map Layers,		
select "Designated Waters" and choose the "Priority Navigable Waterways"		
B. Location within a wellhead protection area?		
Potential Source:	1

C. Location within 1,000 ft from a lake, pond or flowage or 300 ft from a river or stream or the landward side of the floodplain (i.e., shoreland zone)?		
Potential Sources: Wisconsin DNR Surface Water Data Viewer		
D. Location within 1,200 feet of any open or closed landfill site?  Potential Source:		
III. BIOLOGICAL, HUMAN, AND SCIENTIFIC RESOURCES	Yes	No
Does the land area or development include or involve:		
A. Location in a section with threatened/endangered plant or animal species?		
Potential Source: If yes, fill out an		
"Endangered Species (NHI) Review Request Form" (Form 1700-047).		
B. Location within a "Critical Roosting" or "Critical Perching" habitat areas for		
bald eagles, or within 660 feet of a known bald eagle nest?		
Potential Source:		
C. A "woodland" as defined by Town ordinance?		
(i.e., area of trees with canopy area of 1+ acres, with at least 50% of trees		
having a diameter of 6"+ at 4 ft above grade. Does not include tress grown for		
commercial purposes or where most trees are non-native or invasive. If division		
would remove 30%+ of the area of woodland, mitigation plan required)		
D. One or more "mature trees" outside of a "woodland"?		
(i.e., 12"+ in diameter at 4 feet above grade, where native, not invasive, and		
not grown for commercial purposes. If division suggests removal of 30%+ of		
mature trees, mitigation plan is required.)		
E. An area containing or within 1,000 feet of an area of archeological interest?		
Potential Sources: archeological study of site. Call 264-6504 if area may be		
i oteritial sources, archeological study of site. Can 204-0304 if area may be		
of archeological interest.		
	Yes	No
of archeological interest.	Yes	No
of archeological interest.  IV. ENERGY, TRANSPORTATION, AND COMMUNICATIONS	Yes	No
of archeological interest.  IV. ENERGY, TRANSPORTATION, AND COMMUNICATIONS  Does the land include or abut:  A. A planned roadway, or existing roadway planned for a wider right-of-way?
