Columbia County Highway Department is planning a large re-surfacing project for CTH V from CTH JV east to STH 113. Construction work for this project will begin in March of 2023.

Columbia County Highway Department will be conducting a Public Information Meeting related to the upcoming work. This **meeting will be held at the Town of West Point Hall, N2114 Rausch Road from 6:00 pm until 7:00 pm on Wednesday, February 1, 2023.** At this meeting, the Department will provide information related to schedule, work proposed, and type of impact to adjacent property owners.

In advance of construction, the Department will be completing extensive brushing and grading work in this section of road as well. Brushing work is planned to begin as early as February 6, 2023 and continue into the spring of 2023. Please note, impacted trees will be marked with paint prior to starting work:

- Trees marked with "pink" paint = complete removal;
- Trees marked with "blue" paint = select trimming (NOT full removal);
- Unmarked trees = will be left "as is".

The paint being utilized is a water-based paint and will "wear off" within 6 to 9 months.
